EXPERIENCE__

Digital Soft, (Remort) — Internship

March 2022 - November 2023

Last year I interned at DigitalSoft company as a Front-End Developer Intern and I enjoyed my experience there. We worked on many Best Projects to enhance our knowledge and did a lot of things with our team.

EDUCATION__

Govt Degree Collage GCUF, Dijkot-Faisalabad—Graduation

January 2019 - October 2022

I pursued my graduation in Economics with good grades from Govt Degree College GCUF Dijkot, Faisalabad.

Govt Girl High School, 258RB-Faisalabad—Tenth Grade

January 2014 - March 2016

I pursued my secondary education in IT at my nearest government school with good grades, I liked taking part in other competitions in school.

PROJECTS__

Spotify Clone —web app of Spotify

I will design a web clone-like Spotify web app with music and an amazing UI for listening to good vibes. At the time when we did this project, I really enjoyed this project work. We must design our responsive projects.

Business CO Web —BCW to Growing Business

I was working on a business website project that provides all kinds of services to growing businesses. I enjoy my experience in the projects that I do and will do. Our main focus is on the best UI and responsiveness in all devices.

I did a lot of other projects in different categories to enhance my knowledge more & more. I also like coding to build the best web app!

THANKS FOR YOUR TIME AND THIS OPPORTUNITY!

SKILLS__

I'm skilled in JavaScript, HTML, CSS, Frameworks, Responsive Design.

Have good knowledge and experience in JS & front-end development.

I'm skilled in designing and I have a creative mindset!

We are mainly responsible for implementing web designs through programming languages like HTML, CSS, and JavaScript JQuery.
